## 8+4 LED Induction Charge Torch & Nightlight

## LED Night Light

Item No.#FDI- L403-M470

Induction Charging

HOT

### 4-in-1 multi-function lights:

#### **Handheld Light Mode:**

4-mode Press Button(back side) :  
Top 8-LEDs ON / Side 4-LEDs ON  
/ 8-LED Flasher / Off

#### **Power Failure Mode:**

Light automatically turns on to  
low light during power outages  
Emergency use for power failure

#### **Night Light Mode /Motion sensor Light model:**

Keep handheld light plugged in and button to ON:the 4-LED front light will automatically turn on Low light whenever the room become darkness and the 4-LED front light will automatically turn on Hi light when once detect movement or selected the night light off and use the motion sensor light

Nightlight at front face of flashlight

#### **Work Light/Tasklight :**

Upside down the torch can work as a work/task light

Always stay-in charge base: wireless induction charging.  
8 Bright LEDs for torch, 4 LEDs for nightlight  
Continue trigger motion Sensor, the sensor delay time: 20s  
Sensor distance: 3 -4 meters  
Rechargeable Li-ion 600mA battery  
Slim & ergonomic design – very comfortable for handle

## 5+3 LEDs Multi-function lights

Item No.# FDI-LD-F322

## Multi-function LED Flash Light

Wireless Induction Charging

HOT

### 4-in-1 multi-function lights:

#### **Night Light Mode :**

Keep handheld light plugged in, the 3-LED lantern light will automatically turn on as nightlight whenever the room become dark.

**Power Failure Mode:** Super bright 5 LED light automatically turns on to Low light during power outages, and last for **10 hrs**, Brightness=**20 Lumens**

#### **Flashlight (5-LED) & Lantern light (3-LED) Mode:**

4-mode Press Button : Top 5-LEDs ON / 3-LEDs lantern light ON / 5-LED Flasher/ Off

-Top Flash Light (5LED) last for **2 hrs**, Brightness=**70 Lumens**;

-Lantern light (3LED) last for **8 hrs**, Brightness=**20 Lumens**;

Rechargeable Li-ion 3.7V / 500mA battery

-Always stay-in charge base: wireless induction charging

-Lantern light with reflector cap & translucent cover for brightness

## 10+6 LEDs Motion Sensor Torch & Nightlight

Item No.# FDI-LC-M225

**Multi-function  
LED Flash Light**

**Wireless Induction Charging**

HOT

### 4-in-1 multi-function lights:

#### **LED Night Light Mode:**

Keep handheld light plugged in, the 6-LED side light will automatically turn on once detect movement in the dark room/space.

#### **Power Failure Mode:**

Super bright 10 LED light automatically turns to Low light during power outages, and last for **15 hrs**

#### **Flashlight (10-LED) & Work Light (6-LED) Mode:**

4-mode Press Button : Top 10-LEDs ON / Side 6-LEDs ON / 10-LED Flasher / Off

-Top Flash Light last for **3 hrs**, Brightness= **80 Lumens**

-Side Work Light last for **5 hrs**, Brightness=**30 Lumens**

Sensor Delay Time: 20+/-5s

Rechargeable Li-ion 3.7V / 500mA battery

Sensor Distance: 3 to 5m

Always stay-in charge base: wireless induction charging

Environmentally friends:no replacement of batteries or bulbs

## 8+3 LEDs Motion Sensor Torch & Nightlight

Item No.# FDI-L319-M320

**Multi-function  
LED Flash Light**

**Wireless Induction Charging**

HOT

### 4-in-1 multi-function lights:

#### **Night Light Mode :**

Keep handheld light plugged in, the 3LED side light will automatically turn on once detect movement in the dark room/space.

**Power Failure Mode:** Super bright 8 LED light automatically turns to Low light during power outages, and last for **10 hrs**, Brightness=**10 Lumens**

#### **Flashlight (8-LED) & Work Light (3-LED) Mode:**

4-mode Press Button : Top 8-LEDs ON / Side 3-LEDs ON / 8-LED Flasher / Off

-Top Flash Light( 8LED) last for **2.5 hrs**, Brightness=**65 Lumens**;

-Side Work Light(3LED) last for **5 hrs**, Brightness=**12 Lumens**;

Sensor Delay Time: 20+/-5s

Rechargeable Li-ion 3.7V / 400mA battery

-Sensor Distance: 3 to 5 meters

# Products Series 1

**Multi-function**

## 8+3 LEDs Multi-function Power Failure Light

**LED Flash Light**

Item No.# FDI-L319-F321

**Induction Charging**

### 4-in-1 multi-function lights:

#### **Night Light Mode :**

Keep handheld light plugged in, 3 LED night will automatically turn on use as nightlight whenever space become dark

#### **Power Failure Mode:**

Super bright 8 LED light automatically turns to Lo mode during power outages , last for **10 hrs**, Brightness=**10 Lumens**

#### **Flashlight (8-LED) & Work Light (3-LED) Mode:**

4-mode Press Button : Top 8-LEDs ON / Side 3-LEDs ON / 8-LED Flasher / Off

-Top Flash Light(8LED) last for **2.5 hrs**, Brightness=**65 Lumens**;

-Side Work Light(3LED) last for **5 hrs**, Brightness=**12 Lumens**;

Always stay-in charge base: wireless induction charging

Rechargeable Li-ion 3.7V / 400mA battery

Environmentally friends:no replacement of batteries or bulbs

Slim design

### 3-in-1 multi-function lights:

#### Night Light Mode :

Keep handheld light plugged in, the nightlight with 1 LED at bottom of torch will automatically turn on whenever room/space become dark.

#### Power Failure Mode:

Super bright 8 LED light automatically turns to Lo mode during power outages , last for **10 hrs**, Brightness=**10 Lumens**

#### Flashlight (8-LED)) Mode:

4-mode push button activates 8 LEDs on Hi/ Lo/Flasher/ Off

-Flash Hi last for **2.5 hrs**, brightness = **65 Lm**

-Flash Lo last for **10 hrs**, brightness = **10 Lm**

Always stay-in charge base: wireless induction charging  
Rechargeable Li-ion 3.7V / 400mA battery  
Environmentally friends:no replacement of batteries or bulbs

## Slim Induction Charge Motion Sensor Night Light

**LED Night Light**

Item No.# FDI-L323-M328

**Induction Charging**

**HOT**

### 3-in-1 multi-function lights:

#### **Flashlight (8-LED)) Mode:**

3-position slide switch at right upper side to activate the 4-LED flash in ON/ OFF/AUTO mode

-Flash (4LED) ON/Auto last for **1.5 hrs**, brightness = **40 Lm**

#### **Power Failure Mode:**

LED Light automatically turns on, brightness = **40 Lm** during power outages, Emergency use for power failure

#### **Night Light Mode :**

ON: 6 LED Low bright( brightness Nightlight will turn on automatically once detect darkness

OFF: Nightlight will always be off

AUTO: 6 LED High bright( brightness = **20 Lm**) Nightlight will turn on automatically once detect movement during darkness

Sensor Delay time :20 +/- 5s

Sensor Distance: 3- 4 meters

4 Bright LEDs for torch, 6 LEDs for nightlight

Rechargeable 280 mAh Li-ion battery

RoHS

SAA

### 3-in-1 multi-function lights:

#### ★ Flashlight (8-LED)) Mode:

4-position push button in the middle to activate the 4-LED flash in Hi/ Lo/Flasher/ Off mode

-Flash Hi last for **2.5hrs**, brightness = **25 Lm**

-Flash Lo last for **6 hrs**, brightness = **3 Lm**

#### ★ Power Failure Mode:

4 LED Light automatically turns on during power outages, Emergency use for power failure(Lo),last for **6 hrs**,

#### ★ Night Light Mode :

Mist LED cover give a soft and well-proportioned light

-Nightlight(2LED) at front face of flashlight,brightness

- 2 LED Nightlight will turn on automatically whenever the room become darkness during flashlight plug-in

Always stay-in charge base: wireless induction charging.

4 Bright LEDs for torch, 2 LEDs for nightlight

Rechargeable 80 mAh Ni-mh battery capacity

Slim & ergonomic design – very comfortable for handle

### 3-in-1 multi-function lights:

#### Flashlight (8-LED)) Mode:

3-position slide switch at right upper side to activate the 4-LED flash in ON/OFF/AUTO mode

-Flashlight(4LED) ON/Auto last for **2 hrs**, brightness = **18 Lm**

#### Power Failure Mode:

4 LED Light automatically turns on during power outages, last for **2 hrs** brightness = **18 Lm**  
Emergency use for power failure

#### Night Light Mode :

Mist 2-LED cover give a soft and well-proportioned light

-Nightlight (2LED) at front face of flashlight

ON: Nightlight will be always on

Off: Nightlight will be always off

Auto: Nightlight will turn on once detect darkness when flashlight plug-in

Always stay-in charge base: wireless induction charging.

4 Bright LEDs for torch, 2 LEDs for nightlight

Rechargeable 80 mAh Ni-hm battery capacity

## Mini Induction Charge Night Light

Item No.# FDI-LA-FA

**Multi-function**  
**LED Night Light**  
**Induction Charging**

### 3-in-1 multi-function lights:

#### **Handheld Light Mode:**

Switch on handheld light activates  
1 super bright LED  
Portable: always charged & ready

#### **Power Failure Mode:**

Light automatically turns on  
during power outages  
Emergency use for power  
failure

#### **LED Night Light**

##### 3 level switch control

- ON, Nightlight will always on
- OFF, Nightlight will always off
- Auto, Nightlight will turn on once detect darkness

Always stay-in charge base: wireless induction charging.  
1super Bright LED with lens  
Rechargeable 200mAh Ni-hm battery  
Handheld light lasts up to **8 hours**

# Products Series 1

## Midi Induction Charge Torch

Item No.# FDI-LB-FE

**Multi-function**

**LED Torch**

**Induction Charging**

### 3-in-1 multi-function lights:

**LED Night Light** Night Light build-in underneath the torch bottom, it automatically turns on once detect darkness

**Power Failure Mode:**

1 watt LED automatically turns on Lo model during power outages, and lasts up to **8 hours**

**Handheld Light Mode:** 4-mode push button activates light on Hi/Lo/Flasher/ Off

Super bright 1 watt LED lasts up to:

✓ **8 hours** on Lo

✓ **2 hours** on Hi, Brightness = 80 Lm

**( can do with high brightness = 120 Lm)**

Flasher LED lasts up to **8 hours**

Always stay-in charge base: wireless induction charging

Waterproof design

Rechargeable Ni-hm 3.6V / 300mA battery

Environmentally friendly: no replacement of batteries or bulbs

RoHS

SAA

# Products Element of Products series 1

## --- Innovated design

- **A, Give your torch a home**---Charge base with plug allows your torch stay in always.
- **B, Always within reach** ---The torch is easy to get in fixed wall outlet whenever you need
- **C, Emergency Lighting** ---Light turns on automatically during power outage.

### Tip:

Do you still remember the situation? When you look for torch everywhere during power off in the night, it never comes out. When you feel lucky that the torch is finally got in the corner of certain drawers, the batteries are used up. I guess you are extremely down that time.

### Never Get Caught in the dark !!!

With our Power Failure Light, you will never come outs with that situation again. It is always within reach and the super bright LED light will automatically turns on during power failure. If need, the emergency flasher will take action too.

# Products Series 2

## LED Motion Activated Security Light

Item No.# FDI-M502

**Security Light**

**PIR sensor**

**Battery Operated**

**HOT**

**Exclusive in U.S.**

### ★ Multi-directional Lighthouse and PIR sensor

-2 individual light heads can be adjusted side to side and up/down independently to aim the light heads in the direction desired.

-the motion sensor can be rotated to position in the direction of an area to be covered, it can be rotated ~ 45° right or left of center and has a maximum detection field of 130° at a distance of **30 ft (10 M)**

### ★ No Wiring required

—operated by 3 x “C” size batteries. It can last up to 300 days if the security light is activated for 10 seconds at 4 times per night.

### ★ Long-life LEDs are excellent for use in cold climates

- Brightness at **400 Lumens**

### ★ Easy to Installation.

### ★ Convenient low battery indicator

### ★ Weather Resistant -IP44

### ★ Adjustable sensor knobs

-3 control knobs for adjusting the operation of the security light (TIME, SENS and LUX) are located on the back side of the motion sensor

**TIME**-can be adjusted to control duration time of the light stays on when triggered by the PIR sensor

**SENS**-can be adjusted to control the range of the PIR sensor

**LUX**-can be adjusted for the surrounding level of darkness needed to activate the PIR

**\*\*\* AC Version & Solar Version available\*\*\***

## LED Motion Activated Security Light

Item No.# FDI-M525

**Security Light**

**PIR sensor**

**Battery Operated**

**New**

- ★Adjustable Lighthead&Directional Motion Sensor
- ★Water/rain resistant
- ★300 Lumens each light
- ★sensing distance 10M(30ft)
- ★Stays ON for the 30seconds or until there is no motion detected
- ★Detachable Lighthead for easy battery replacement
- ★Mounting Hardware Included
- ★Can be used at indoor or outdoor locations
- ★Battery operated--NO WIRING REQUIRED

### 12 LED Wireless Motion Sensor Light

### PIR Motion Sensor

Item No.#FDI- M526

Multi-directional Swivel Light Head

HOT

#### ★ Motion Sensor Mode:

- Select "Auto" from Function Switch and LEDs will turn on when motion sensor detects movement in dark area
- Select "Off" from Function Switch to turn off Motion Sensor
- Average battery life is **10 months** – based on 2 daily uses of 20 seconds each
- Motion detector only functions in the dark

#### ★ Light Mode:

- Select "ON" from Function Switch and LEDs will stay on continuously
- When placing the unit on a flat surface, slide off the Mounting Bracket for steady positioning

#### ★ **12 super bright LEDs** never need to be replace

- Easy to install - no wiring require
- Safety and security in dark areas
- Motion dection area of **25 FT. and 120°**
- Duration switch for 20, 60 or 90 seonds
- Opeartes on 3 AA batteries ( not included)
- Low battery indicator light
- Multi-function utility light

# Products Series 2

## 6 LED Motion Activated Utility Light

Item No.# FDI-P527

**Security Light**  
**PIR sensor**  
**Wireless**

### ★ 6" Bar Motion Sensor Light

**6 super bright LEDs at 80 Lumens**

**Operated by 3 x AA dry batteries**

-No Wiring required

**Easy Installation**

-Screws to fix or use tap

### ★ PIR Sensor Activated

-The light turns on when the motion sensor detects movement and turns off after movement is not detected for 30s.

-Battery saver dusk-to dawn photocell sensor disable the motion sensor during daylight.

**Motion sensor range : 3 – 5 meters**

**Low battery indicator**

**\*\*\*Weather Proof version available\*\*\***

# Products Series 3

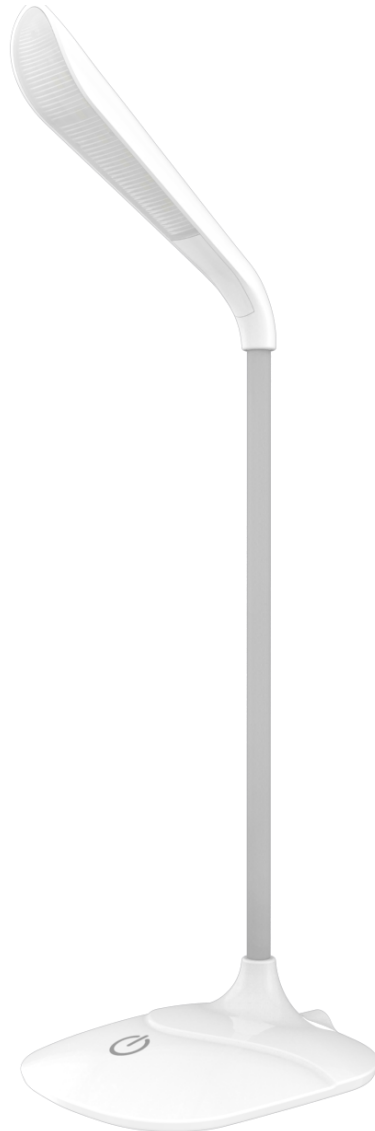

## Mini LED Desklamp

Item No.# FDI-D483/D484

Desk lamp

Tasklight

Multi-purpose Light

6 super bright LEDs

Cool to touch panel

Flexible rubber gooseneck

USB cable for power supply or charging

Touch switch with 3 position:

Low Light:**10LM** -> Medium:**40LM** -> High Light:**120LM**

Portable and lightweight

Red LED indicator

Bold design

With build-in rechargeable battery for options

With additional Adaptor for options

With different colours for options

# Products Series 3

## Mini Clip LED Desklamp

Item No.# FDI-D515/D520

Desk lamp

Tasklight

Multi-purpose Light

✧ 6 super bright LEDs

Cool to touch panel

Flexible rubber gooseneck

USB cable for power supply or charging

Touch switch with 3 position:

Low Light:**10LM** -> Medium:**40LM** -> High Light:**120LM**

✧ Portable and light wight

Red LED indicator

Bold design

With build-in rechargeable battery for options

With additional Adaptor for options

With different colours for options

# Products Series 3

## BiG LED Desklamp with USB charge port

Item No.# FDI-D509

**Desklamp**

**USB charge outlet  
Multi-purpose Light**

**New**

★ 12 super bright LEDs at 200 Lumen

Cool to touch panel

Flexible rubber gooseneck

2 USB charge outlet with output =3.5A ( 1.1A + 2.4A)

Intelligent charge can allot the output power automatically

★ Touch switch with 3 position:

Low/ medium / High Light

Portable and lightweight

Bold desigh

Required adaptor

With build-in rechargeable battery for option

# Products Series 4

## 3" Mini Puck Tap On/off Light

Item No.# FDI-P566/P603

**Puck Light  
Wireless**

### ✧ 3" LED Tap Light

**3 super bright LEDs cool to touch**

**Brightness at 40 Lumens**

**Operated by 3 x AAA dry batteries**

-No Wiring required

**Easy Installation**

-Screws to fix or use tap

**Push On / Off switch**

-Press the lens to turn on and off

### ✧ Area to use:

- Kitchen
- Drawer
- Bedroom
- Washhouse
- and more...

# Products Series 4

## 3.5" Mini Puck Tap On/off Light

Item No.# FDI-P537

**Puck Light**  
**Wireless**  
**Timer**

### ✧ 3.5" LED Tap Light

**3 super bright LEDs cool to touch**

**Brightness at 40 Lumens**

**Operated by 3 x AA dry batteries**  
-No Wiring required

**Easy Installation**

-Screws to fix or use tap

**Push On / Off switch**

-Press the lens to turn on and off

**Slide Switch for timer option:**

-15' -> 5' -> 1' -> 0

### ✧ Area to use:

-Kitchen

-Drawer

-Bedroom

-Washhouse

-and more...

# Products Series 4

## 7" Round Tap On/off Light

Item No.# FDI-P532

**Puck Light**  
**Wireless**  
**Timer**

### ✧ 7" LED Tap Light

**6 super bright LEDs cool to touch**

**Brightness at 80 Lumens**

**Operated by 3 x C dry batteries**  
-No Wiring required

**Easy Installation**  
-Screws to fix or use tap

**Push On / Off switch**  
-Press the lens to turn on and off

**Slide Switch for timer option:**  
-15' -> 5' -> 1' -> On ( always on)  
-it auto shut-off after selected time

### ✧ Area to use:

- Kitchen
- Drawer
- Bedroom
- Washhouse
- and more...

# Products Series 4

## 6" Battery Bar

Item No.# FDI-P531

## Puck Light

### Wireless

### Timer

### ✧ 6" LED Bar Light

**3 super bright LEDs cool to touch**

**Brightness at 40 Lumens**

**Operated by 3 x AA dry batteries**  
-No Wiring required

**Easy Installation**  
-Screws to fix or use tap

**Push On / Off switch**  
-Press the lens to turn on and off

**Slide Switch for timer option:**  
-15' -> 5' -> 1' -> On ( always on)  
-it auto shut-off after selected time

### ✧ Area to use:

-Kitchen  
-Drawer  
-Bedroom  
-Washhouse  
-and more...

# Products Series 4

## 12" Battery Bar

Item No.# FDI-P530

## Puck Light Wireless Timer

### ✧ 12" LED Bar Light

**6 super bright LEDs cool to touch**

**Brightness at 80 Lumens**

**Operated by 6 x AA dry batteries**  
-No Wiring required

**Easy Installation**  
-Screws to fix or use tap

**Push On / Off switch**  
-Press the lens to turn on and off

**Slide Switch for timer option:**  
-15' -> 5' -> 1' -> On ( always on)  
-it auto shut-off after selected time

### ✧ Area to use:

- Kitchen
- Drawer
- Bedroom
- Washhouse
- and more...

# Products Series 4

## Tap On/Off Drawer Light

Item No.# FDI-P522

**Drawer Light**  
**Wireless**

### ✧ Tap ON / OFF Drawer Light

**2 super bright LEDs cool to touch**

**Brightness at 10 Lumens**

**Operated by 1 x AA dry batteries**  
-No Wiring required

**Easy Installation**  
-Screws to fix or use tap

**Push On / Off switch**  
-Press the lens to turn on and off

### ✧ Area to use:

-Drawer  
-Closet  
-and more...

# Products Series 5

## Wireless Door security monitor

Item no.# FDI-D207

**Safety & Security**  
**Wireless**  
**Easy installation**

- ✧ 2.4" HD Screen
- Installs in less than 5 minutes
- Convenience and safety
- Peephole viewer cover included
- Additional faceplates for choose
- Wireless – operated by 3 x AAA battery(not included )

- ✧ **INSTALLATION:**
- Loose and remove existing optical peephole barrel from the outside of the door
- Install new peephole with Camera Plate on the outside of the door and Door Monitor on the inside of the door

- ✧ **OPERATION:**
- Press the On/Off button to turn on the monitor and see an outside area of 170 degree
- The image will displayed for 20 seconds once the On/Off button is pushed,to conserve battery life.
- Pushing the ON / OFF button again will restart the timer for 20 seconds

# Products Series 6

## Wall plate Nightlight with USB outlet

Item No.# FDI-N481

**Multi-function**  
**USB Charger**  
**LED Nightlight**

### 2-in-1 multi-function lights:

#### **USB Charge:**

- 2 USB charge outlet with output =2.4A
- Smart IC can detect the power output automatically, means it can allot **1.2A + 1.2A** or **2.1A + 0.3A** to each port based on device required

#### **LED Nightlight:**

- LED nightlight automatically turns on in the dark or dusk environment when the switch at Lo/ Hi Position
- 10 LEDs for nightlight
- 3 position switch button to activate nightlight at OFF / Lo Nightlight / Hi Nightlight

#### **Convenient & easy for using**

- Just plug into the wall plate outlet for using
- LED bulbs never needs replacement
- Environmentally friendly
- US, Europe, Japan, Australian version available

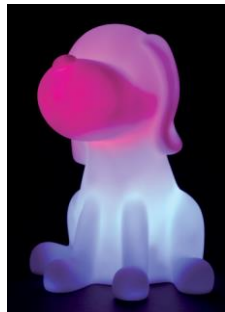

### DOG LED Colour Changing Decorative Night Light

Night Light

Item No.# FDI-N451- standard battery case

Decorative

#### ➤ Table lamp/Decorative

- The body is made by vinyl
- Fashion table night light for decorative lighting

#### ➤ LED Night Light

- Soft RGB changing LED lights come from the inner of mould
- Take from the charge base, it is portable night light
- wattage:0.5w
- operates on 3\*AAA batteries(not included)
- Light Source Led:RGB 4pcs/ White 4pcs
- Three switchs:OFF-ON(GRB LEDs)-  
ON(White LEDs)

# Products Series 7

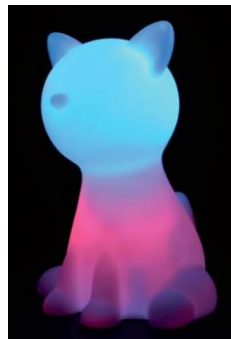

**Multi-functions**

## CAT LED Colour Changing Decorative Night Light

**Night Light**

Item No.#FDI-N452-standard battery case

**Decorative**

### ➤ Table lamp/Decorative

- The body is made by vinyl
- Fashion table night light for decorative lighting

### ➤ LED Night Light

- Soft RGB changing LED lights come from the inner of mould
- Take from the charge base, it is portable night light
- wattage:0.5w
- operates on 3\*AAA batteries(not included)
- Light Source Led:RGB 4pcs/ White 4pcs
- Three swiths:OFF-ON(GRB LEDs)-  
ON(White LEDs)

# Products Series 7

## Induction Charge Decorative Night Light

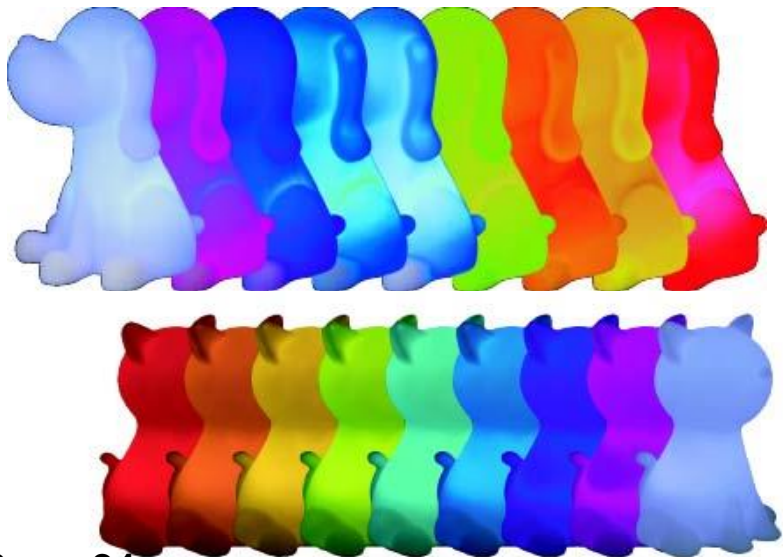

**Multi-functions**  
**Night Light**  
**Decorative**

**FDI-L80-N330**

**FDI-L80-N407**

### ➤ **Decorative**

- The body is made by vinyl

### ➤ **Induction Charging Method**

- Safety and can be waterproof which is allowed children to play during shower or swimming
- The light can be stayed in and always full charged

### ➤ **LED Night Light**

- Soft RGB changing LED lights come from the inner of mould
- With build-in rechargeable batteries
- Take from the charge base, it is portable night light
